

# HIDDEN HEROES

Overcoming  
Adversity  
through  
Role Models

A Keynote from Emmy  
winning storyteller, children's  
author, and teaching artist  
**Bobby Norfolk**

Illustrates how storytelling can  
enable students to reach their  
full potential.

An invaluable resource for  
educators aspiring to promote  
creative and imaginative  
problem-solving.

Through examination of Bobby's life-story, this down-to-earth presentation illustrates techniques which help children use their own stories to develop enthusiasm for learning and education. As a child, Bobby was a shy, quiet boy prone to stuttering. He grew up in a rough North St. Louis neighborhood where many young men became casualties of the streets. But through supportive role models and a learned enthusiasm for words and story, Bobby grew to become an Emmy award-winning storyteller. This keynote presentation demonstrates how he overcame the odds to become a world-renowned artist, author and workshop leader. His struggles and triumphs offer valuable lessons for parents and educators who aspire to help children to realize their talents and achieve their dreams.
