From the tipi made of skin to the house made of sod... Bobby draws on his ten years of experience as a National Park Ranger to recreate the uncommon experiences of the American West.

Living history unfolds before your imagination's eye through this involving, humorous collection of stories.

Highlights include fun facts such as: how the buffalo served as a walking grocery and hardware store; grizzly bear encounters; the hunting and trapping skills of the mountain men; and confrontations with the American Plains Indian. Bobby brings the eighteenth century frontier to vivid life!

Ideal for Grades K-8 and Community.
